

Join us in Gothenburg to make Nordic outdoor life politics better

Invitation

We want to gather enthusiasts in all ages
from the Nordic outdoor organizations to
participate in our Nordic project

The third Nordic workshop will take place
in Gothenburg, at Sportfiskarna
Region Väst, Sjölyckan

Date: February 9th 2017

Time: 10-17

Additional overnight accommodation is possibly in
small cottages nearby at Kärralund.

Background:

The Nordic Outdoor Network (NON) invite you to participate in the project "Outdoor life in the Nordic region" and to attend the third Nordic workshop in Gothenburg. The project will last for two years, and there will be held 4 workshops totally. The project is funded over the Nordic Committee for Children and adolescents (NORDBUK), and our project will be supporting some of the committee's projects, including promotion of cross-sectoral cooperation with emphasis on including children's and youths perspectives, participation and influence.

Project goal:

In June 2017, the project will present a series of recommendations for future work and actions, to secure a high focus on outdoor life in the Nordic Countries. These recommendations will act as important input on how the organizations can help to fulfill the objective of strengthening the Nordic efforts in the outdoor life. Relevant children and youth organizations should be involved and be co-creators of meeting places, plus other member organizations or other relevant organizations.

What to achieve during the third workshop:

- Share knowledge and experiences between the countries/organizations
- Establish a common understanding for further work
- Agree about recommendations, based on the topics we discuss during the day
- Dialog with Swedish politicians during the day
